

The Sentry Extrication Glove

These flexible work gloves are crafted to provide heat, puncture and cut protection and are also flame resistant.

- **FR Outer Shell-Back:** A unique blend of Kevlar[®] Aramid provides cut and puncture protection.
- **FR Outer Shell-Palm:** The part of a glove that needs the most protection is the palm. This Keoprotec[®] fabric was originally developed for use in astronaut's clothing and motorcycle gloves by Schoeller. The fabric is extremely abrasion and tear resistant, and very easy to clean. It is also resistant to effects of temperature.
- **Base Layer:** A full lining of Kevlar[®] fabric lines the glove for additional protection.
- **Inner Lining:** The inner lining is SPECTRA[®], originally manufactured by Honeywell for body armor, provides Cut Level A5 ANSI protection. Dry or wet, your hands will slip into this glove.
- **Moisture Barrier:** Our Porelle[®] moisture barrier allows your hands to expel moisture and still protects them from chemicals and bloodborne pathogens. It is also PFAS free.
- **Lifetime warranty for liner pullouts and other manufacture issues**
- **Sizes: XXS-4XL**
- **Style # FX-75MB**
